E00.2 | Web upload evidence index

Upload destination: Episode E00.2 - supporting documents / evidence. Retain original numbered PDFs; do not substitute the script ZIP for this source bundle.

Episode focus: FirstRand Bank Limited (FRBL) claimed balance of R27,612,987.75 at 31 August 2018; disputed transaction records; reconstructed capital drawn, payment schedule and two amortisation scenarios; RMB/Friedshelf funding allocation.

Bank statement qualification: The CEO communication and unanswered document requests support the call for original account statements, posting histories and audit trails. The reconstruction is not itself an original bank ledger.

Scope: Group 5, Elements, CCI, Ikala, Hodari Eris, JT Ross property-sale loss claims, erf 2583 and Buccleuch opportunities are not adjudicated in this episode. Preserve their separate annexures for possible future episodes; do not portray projected property values as FRBL cash receipts.

Included source PDFs:
